

ARE YOU READY TO VOTE?

Elected officials govern our land, but we, the citizen, choose who those leaders are with our vote. Stewarding and preserving our freedoms starts with voting.

Register to Vote

You can register online or by mail. This is an important step to do ahead of time because if you register too late you will have to wait until the next election to cast your vote!

Know Who is Running

Reviewing your ballot and reaching out to organizations you believe in for a voter guide are great ways to know who is running. Once you know who is running research their values and track record.

Find Your Polling Station

Part of finding your polling station is deciding whether you're going to vote absentee or early. You can find links to all of this [HERE](#).

Put Voting Day on your Calendar

Your voice — your vote — matters too much to let a scheduling error be the reason you don't vote. Schedule voting, maybe even go with a friend to hold each other accountable.
