**Please Come and See What They Saw**

Dear Pastor,

Last week was a great week for ministry in the State Capitol. We, along with several pastors, were blessed to meet many staffers and many legislators, and to pray with and for them as well. As the pastors who were

with us can testify, this outreach is non-partisan and non-political. It is gospel-focused. The seat of government should be a place where pastors are regularly seen, sharing the gospel and being a spiritual influence in a place that for far too long has been a neglected mission field.

The men and women serving in our Capitol who know the Lord need the encouragement that comes from pastors praying with and for them. They need—and typically welcome—the spiritual support and accountability that comes from a pastor who is concerned for them. If you are skeptical about this ministry, then by all means, join us for a visit. Come and see for yourself the opportunity for being salt and light in a very needy place. Two of the pastors who joined us last week have decided they want to

come back on a regular basis. That may not be your calling, but we would love for you to see what they saw that motivated them to prioritize this ministry.

We have a number of dates available yet this month. You can sign up [HERE](#) for a date in January to join us in making a difference for the gospel in the Capitol. We look forward to joining with you for this gospel outreach.

Sincerely yours in Christ,

PS: As the culture continues to rebel against God, ministries will continue to come under attack and be pressured to compromise the truth of God’s Word. Alliance Defending Freedom has produced an enormously helpful resource to help protect your ministry. You can access it [HERE](#).

PPS: Reservations for LEAD Wisconsin 2023 is now open. LEAD Wisconsin is Wisconsin Family Council’s premier leadership and worldview camp for teens (ages 13-19). For details, visit [LEADWI.org](#). A number of churches have sponsored one of their teens to attend this unique camp. Perhaps your church would be interested in doing the same?
