Additional Resources For You

Dear Pastor,

Last year we visited 28 communities encouraging Christians to own their backyard for God's Glory. As Christians we are obligated to impact our community and state for God's glory. Theologian and Prime Minister of the

Netherlands Abraham Kuyper (1837-1920), once said, "There is not a square inch in the whole domain of our human existence over which Christ, who is Sovereign over all, does not cry, Mine!"

Jesus is the King over our church and government. Everything we do should be done unto His Glory. Jeremiah 29:7 states, "And seek the peace of the city whither I have caused you to be carried away captives, and pray unto the Lord for it: for in the peace thereof shall ye have peace." Just as it brought God glory for His people to seek the welfare of the city to which they had been exiled, we too can bring God glory by seeking the welfare of our community and state today.

We believe God is sovereign over who is placed into political office (and we are called to minister to them); however, we also believe Christians should speak into elections through promoting biblical values, voting, and encouraging others to join them in honoring God with their vote. We're grateful for a local church in Kenosha that took up the call to own their backyard (and state) by producing 7 videos

encouraging Christians around Wisconsin to vote for pro-life values in this spring election. Feel free to share these videos of pastors, post-abortive women, a pregnancy center director, and a medical doctor encouraging Christians to vote pro-life.

This election, your church has an opportunity to speak into the future direction of Wisconsin on issues such as abortion, religious freedom, parental rights, and more—issues that will impact our state for a generation. We are truly grateful for you and your church as you seek to bring God glory in your community through the advancement of the gospel.
