To print the bill, press CTRL+ P and then **“Print.”**

General Guidelines for Involvement

People can affect the legislative process if they follow procedures and put in the necessary effort. Here are some general guidelines to help you get involved in the legislative process.

- 1. Find out the names of your state Senator and Representative.** Go to legis.wisconsin.gov. Go to the search box under **“Who Are My Legislators?”** Enter your address, city and Zip Code. A district map will come up along with a dialog box with your WI State Senator and Assembly Representative. Select **“For more information click here”** at the bottom of the box. A page will come up that has links to the US House of Representatives and US Senate. From there you can find contact information for your Congressional Representative and US Senators. You may also call your local public library, city, or town hall for the names of your legislators and then refer to *Wisconsin Family Council’s 2023-2024 Legislative Directory* for their contact information.
- 2. Stay tuned to the legislative process.** Get acquainted with legislation by researching the internet, watching newscasts, listening to the radio, reading a newspaper, and by receiving information from Wisconsin Family Council. Note the title, name, or number of legislation on an issue that interests you.
- 3. Get a copy of the bill.** Access the bill online, ask your legislator to send you a copy of the bill, or call Wisconsin Family Council at (888) 378-7395. (See **How To Access, Track or Print a Bill**, on pg. 27)
- 4. Study the bill.** Look for both negative and positive aspects of the bill and its possible effects on you or a group you represent. Be prepared to clearly explain your views.
- 5. Call, write, or meet with your legislator about the bill.** No matter how you interact with your legislator, always be respectful and courteous. This will increase your ability to reach this elected official in the future.
- 6. Attend a public hearing on the bill, if one is called.** Some local newspapers print notices of hearings. The Legislative Hotline (800-362-9472) and the legislative website (legis.wisconsin.gov) have listings of public hearings. If you are going to testify, be sure to come prepared to speak, with copies of your testimony printed and ready to distribute to the committee members. Calling the committee clerk or checking the committee listings in this publication will let you know how many legislators are on the committee.
