Two Brief Updates

Dear Pastor,

Yesterday Daniel and I visited the office of one of our state Democratic representatives. Sadly, the representative, with whom we have had several good meetings, was not able to attend. But his staffer met with us and the two Madison pastors who were with us, and we had a very good meeting. The folks who serve in this office know we are believers and that we come as ambassadors for King Jesus. This staffer in particular has been very warm and receptive to us. We left him with a gospel tract. Pray the Lord will use this contact to draw this man to Himself. Pray also that the Lord will give us other open doors for gospel ministry.

And as you pray, please remember LEAD Wisconsin in prayer. This week everyone in the office is busy pulling together all the materials and paraphernalia (meaning "the fun stuff") needed to make this week of camp one of the most memorable ever for the teens who attend. Please pray with us that God will do a mighty work in the hearts of the nearly 130 teens who will be with us next week. Pray for their health and safety. Pray for all the speakers. Pray for all the staff as well. We have a husband and wife team who will spend the week with us and their primary focus is to be prayer warriors throughout the week. We believe in a prayer-hearing and prayer-answering God, and thus we pray and covet your prayers as well.

In Christ,

Dan Degner
