Can You Help Us?

Dear Pastor,

"Can you help us?" I (Daniel) was asked this question this past summer by the Chair of the Speaker's Task Force Human Trafficking.

I was thrilled I could answer, "Yes, we can help you and will be honored to do so!"

Wisconsin Family Council's Church Ambassador Network ministers to elected officials as persons, shepherds (leaders), and as community partners. With this request for help on this task force, we are blessed with an amazing opportunity to minister to Wisconsin legislators as shepherds and as partners through the creation of a white paper on human trafficking.

Through this paper we will highlight how Scripture speaks to the issue of human trafficking and also how churches and ministries around Wisconsin are advancing the gospel through combating human trafficking. We are grateful that these governing authorities see a need to impact our state on this important and timely issue.

Bible-believing and teaching churches have an important role in showing individuals and society the roots of problems. We believe this current request for help is an excellent opportunity for churches also to speak on the issue of pornography. We know there is a correlation between men experiencing freedom in Christ from the issue of pornography and the demand for human trafficking decreasing. Because of this we will also be introducing a white paper on the issue of pornography.

As we seek to speak to government officials on behalf of evangelical churches throughout the state on issues such as human trafficking and pornography, we need your help. **Can you help us by letting us know if your church has a ministry emphasis in either of these areas or if your church supports a ministry combating pornography or human trafficking?**

Thank you for your partnership. We pray God will use churches like yours to bring freedom to Wisconsin and its citizens on the issues of human trafficking and pornography.

In Christ,

Dan Degner
