Happy New Year!

We pray you and your church had an excellent Christmas and 2023. We praise God for your ministry and the ways God has used you this past year to advance His Kingdom. We are thankful for how God has used your church and other evangelical churches around Wisconsin through saving lost souls, baptisms, saving marriages, helping young couples choose life, breaking addictions, and many other life-changing decisions.

We would love to join you in rejoicing at how God has used your church this last year. Please reply with a story or two of how God moved in your church in 2023.

Our prayer is that God will do greater work in your church and our state in 2024. We would also love to have you join us in ministering to governing authorities. As a pro-church ministry, we strongly believe that the strongest influence we can have with governing authorities is through the local church and local-church pastors.

Over the next three months, we will be bringing pastors to the Capitol over twenty times. We would love for you to join us at least one time over the next few months. You can sign up to join us [HERE](#).

We hope you have an excellent new year filled with bountiful ministry opportunities!

In Christ,
