### The Right Tools

I (Dave Skahen) am not a handyman. When a household problem arises, it is often the last thing I want to solve. However, over the years, I've found that having the proper tool can make all the difference in the world with house projects. Often times, "How To's" on YouTube can be incredibly useful.

In election time, it can be difficult to talk about politics. Just as having the right tool to fix a house project can be a game changer, having the right resources to talk about elections is vital. As U.S. citizens, we have the incredible blessing to cast our vote in the upcoming election. The problem is how do you communicate to your congregants about why Christians should care about elections and government. That said, we've done our best to provide non-partisan, Christ-centered election resources to help you shepherd your congregation well during this political season.

As you've probably heard us say many times, God created three institutions: family, church, and government. Romans 13:4 says God has chosen governing authorities in His sovereignty. Your congregation doesn't need you to pick candidates for them, but they do need you to help them understand how to view voting and government biblically.

Pastor, continue to preach the simple gospel, stand for the truth of God's Word, and review our free election resources for possible use at your church.

P.S. Please join Wisconsin Family Council from September 29 through November 5, Election Day, in praying every day at 9:29 AM as we reflect on Mark 9:29. [Download our Prayer Calendar](#) for prayer prompts until Election Day. Today our prayer prompt is, "Pray the best possible leaders be elected to office. "Moreover thou shalt provide out of all the people able men, such as fear God, men of truth, hating covetousness; and place such over them, to be rulers..." (Ex. 18:21) Pray that believers will use their vote to bring God glory."
